EDUCATION ✉devirishi1004@gmail.com 🌐g-v-rishitha 🎧Gangula-Venkata-Rishitha 📁Portfolio

Bachelor of Technology in Computer Science and Engineering, Expected 2026
Jawaharlal Nehru Technological University College Of Engineering, Anantapur. CGPA: 8.63

Intermediate (MPC), 2020 – 2022
Sri Chaitanya Junior College, Anantapur. Percentage: 97.1
EAPCET Rank: 4533

SSC (Secondary School Certificate), 2019 – 2020
Sri Chaitanya English Medium High School, Anantapur. GPA: 10.0

SKILLS

Programming Languages	C, Java, Python.
Web Development	HTML, CSS, JavaScript, React.
Core Skills	Data Structures and Algorithms, Computer Networks, DBMS, Operating Systems.
Additional Skills	Git/GitHub, Generative AI, n8n - Automation tool.
Soft Skills	Problem Solving, Self-learning, Presentation, Team Work, Time Management.
Interests	Music, Arts and Crafts.

EXPERIENCE/INTERNSHIPS

Accenture India(Associate Software Engineer Intern) ([Click here](#)) May 2025 - July 2025(On-Site)

- Worked on Rapid Data Loader (RDL) to perform efficient and streamlined data migration activities.
- Supported SAP ERP deployment through testing and on-site team collaboration.

TICT Computers ([Click here](#)) June 2023 - January 2024(On-Site)

- Worked as intern instructor for C Language and Python.
- Designed and delivered hands-on coding exercises, helping students strengthen programming skills.

PROJECTS

Blink-Based Cognitive Load Detection under Noisy Visual Conditions ([Click here](#))

- Blink-Based Cognitive Load Detection under Noisy Visual Conditions — Built a lightweight EAR/MediaPipe pipeline to extract blink features and showed that longer neutral baselines improve feature stability and robustness across controlled (RT-BENE) and noisy (NTHU-DDD/HUST-LEBW) videos.

Online Seminar Management ([Click here](#))

- This project is designed to manage HOD accounts for various departments in a university. It allows for easy creation and management of accounts for Heads of Departments.

Fine-Tuned ChatBot ([Click here](#))

- Developed a fine-tuned document Q and A chatbot that processes PDFs and delivers context-aware answers using Cohere LLM, LangChain, and FAISS-based semantic retrieval.
